

## Crispy Kisses

From Jenifer in Las Vegas, Nevada

For Valentine's Day last year, my five-year-old daughter, Rosie, and I made large Rice Krispies Kisses for her class. We whipped up a batch of Rice Krispies Treats, then we scooped the warm mix into a lightly greased four-ounce funnel to shape it to look like large Hershey's Kisses. After they cooled, we wrapped them in aluminum foil and added paper tags that read "A Kiss from Rosie." --Jenifer H., Las Vegas, Nevada
